HONGKONG, WEDNESDAY, MARCH 29, 1899.

NOTES AND COMMENTS.

The water supply question is becoming
daily more and more serious. Failing "fur-
ther rainfall," which we take to mean a fall
of several inches, for nothing less will serve
to replenish the fast diminishing stocks of
water at present available, after Saturday
next, the 1st April, water will only be turned
on in the City mains for four hours daily,
while in other districts it will only be sup-
plied for periods of one and two hours re-
spectively. It is evident that unless we have
wet weather, and very wet weather set in al-
most immediately Hongkong is threatened
with a water famine, and that just at the time
when the hot weather is commencing
when plague is generally rife and an abun-
dant supply of water is absolutely necessary
for the cleansing of the City.

We have frequently pointed out that the
Tyam and Pokfulum reservoirs are not of
sufficiently large capacity to supply the
rapidly growing demands of the population.
A reference to the water returns of the last
two or three months will show that the
average consumption per head per day has
been less than last year, but still the melan-
choly fact remains that we are short of water.
The capacity of our reservoirs has been in-
creased and the collecting grounds have been
enlarged but apparently to very little
purpose. What is evidently required, and
what we believe will very shortly be recognis-
ed as being an absolute necessity, is the con-
struction of another large reservoir, with a
separate collecting ground, which can be
used either as a reserve supply or to supple-
ment the present one. It is not sufficient that
our reservoirs should be of a capacity capable
of supplying the population in years of normal
rainfall. It is against extended periods of
drought, similar to the present one, that it is
necessary to guard, and the subject is one
demanding the grave attention of the
Government.

Think what a calamity an accident to the
Tyam dam would be at the present
moment! Pokfulum reservoir would be
incapable of supplying the needs of one half
of the population of the city in the matter
of water, and the town would be forced
to fall back to a great extent upon the
limited number of wells still left open.
The supply from these is not great and the
danger of contamination is immense, as is
proved by the frequent reports of insanitary
and contaminated wells presented to the
Sanitary Board. In all probability a forced
return to the use of well-water by the popu-
lation of the City would result in numerous
cases of typhoid, if not in a veritable
epidemic. We trust that the advent of the
rain, when it does come, will not have the
effect of calming the fears of the Govern-
ment on the subject of our water supply,
but that prompt steps will be taken to place
Hongkong beyond the reach of a water
famine.

We are glad to see that the authorities
have at last taken up the question of the
importation of dogs into the Colony and that
the landing of dogs arriving from Shanghai
is prohibited for a period of twelve months.
Hongkong has so far been peculiarly free

from rabies, while Shanghai has been
especially subject to them, and too great
precautions cannot be taken to prevent the
introduction of this horrible scourge into the
Colony. A Pasteur institute has now been
established in Shanghai and we trust that
with the energetic measures now being under-
taken in that settlement and with the aid of
this very necessary institution we may hear
of no more victims to this horrible disease.
Rinderpest is bad enough, and Hongkong
has a sad experience with it, but rabies would
be far worse.

LOCAL AND GENERAL.

A lot of Crown Land on Wanchai Road was
sold on Tuesday by public auction, the lot con-
tains 5,705 square feet and was bought by Mr.
P. H. Murray for \$2,450.

An extraordinary *Gazette*, issued yesterday,
announces that Tai Wan Foo and its port
Anping are declared to be places at which an
infectious or contagious disease prevails.

As will be seen by reference to our advertising
columns, Mr. N. Lazarus, the oculist-optician
will only remain here until Saturday next, so
that those desirous of availing themselves of
his services should do so at once.

The *Shanghai Daily Press* understands that a
great change has taken place in the Yangtze
River; and that the long used crossing at the
Centaur-Aetion shoals is rapidly closing up;
ships now being only able to get from 7 to 10
feet of water at low tide.

The Final Tie of the Racquet Championship
between Captain Simmonds, R. A. and Mr. H.
R. B. Hancock will take place to-morrow at
4 p.m. and as both players are very even a good
game should be witnessed. Members are
asked to bring their friends, and Ladies are
invited to be present.

MICHAEL J. FANNON, a groom at Warren's
Circus, was sentenced to six months' imprison-
ment at the Magistracy this morning for forcing
a locked box and stealing therefrom 40 Ameri-
can five-dollar gold pieces and 80 silver Ameri-
can dollars, the property of John J. Benepe,
horse-trainer at Warren's Circus.

LAST night, the Hongkong Volunteers were
exercised in a night-attack on Stonecutters'
Island. About 70 men were on parade, the
Field Battery under the command of Capt.
Chapman, F. B. H. K. V. and the Maxim Co.
were led by Capt. Saunders, M. C. H. K. V.
Most instructive operations were carried out.
The attacking party embarked at the Monu-
ment Wharf on the *Miter* and steamed out
past Green Island where they were transferred
to Chinese launches, some of the Field Battery
assisting the Maxims, the whole acting as
infantry. Some companies of the Hongkong
Regiment under Capt. Berger, assisted by the
Royal Engineers with search-lights, were posted
on Stonecutters', and when the assailants
attempted to land in small rowing boats they
were received by showers of shot and shell
from the ranks of the gallant defenders. An
attempt was made to cut the electric cable, in
connection with the mine fields situated on
either side of the island but proved abortive.
The operations were witnessed by General
Gascoigne and staff who were highly pleased
with the dash and spirit with which the attack
was made. Punctually at nine a rocket was
fired as a signal for "cease fire," the troops
retiring for a well earned repose.

THE Agent of the Messageries Maritimes in-
forms us that:—"Owing to the detention of the
steamship *Ernest Simon* in Shanghai to effect
some repairs to her machinery, the steamship
Yarra will leave this on the 8th April instead
of the steamship *Oceanic*, consequently the
steamship *Oceanic* will leave Hongkong on the
6th May.

THE Postmaster General informs us that:
"Registered correspondence by British French,
American, and Canadian contract packets will
be received at the General Post Office up to one
hour before the time of closing the ordinary mail
by such packets, but letters may be registered
up to 15 minutes before the time of closing the
ordinary mail on payment of a late fee of 10
cents."

It has been revealed, says the *Universal Ga-
zette*, that Viceroy Liu Kunyi has not been
ordered to Peking as previously reported, but
has himself requested for an audience with the
Emperor, on expiry of his term of office of six
years. The Grand Council has now wired to
him that during this most critical juncture he
is desired to remain at Nanking, his audience
has better be postponed until more favourable
times.

MR. JOHN C. FERGUSON, President of the
Nanyang University, has been appointed by
Viceroy Liu to be Non-Resident Director of
the new Provincial University at Nanking,
which makes Mr. Ferguson the head of both
Universities. It is understood that Mr. U. K.
Cheng, Mixed Court Magistrate at Shanghai,
is 40 years of age as manager of the Nanking University,
but it is not yet known who is to be his
successor.

SMITH and Jones were talking one day about
their business interests. Smith was a hotelman
and Jones was a manufacturers' agent. "I
say," said Jones, "however do you use such an
enormous quantity of pears and peaches?"
"Well," replied Smith, "we eat what we can,
and what we can't eat we can." "Indeed!"
said the other, "We do about the same in our
business." "How is that?" "We sell an order
when we can sell it, and when we can't sell it
we cancel it."

THE second performance of "The Sign of the
Cross" was given by Messrs. Dallas and
Musgrave's Dramatic Company at the Theatre
Royal, last night. There was again a crowded
house and the audience was a most apprecia-
tive one. As this play will only run for two
nights longer after this evening, we should
strongly advise all those of our readers who
have not yet seen it to do so without fail. It is
not often that Hongkong has such a first-rate
play presented by a really good company.
